

# AMYCEL • MONTEREY MUSHROOMS • SPAWN MATE

## Notice of Salaried Position

December 26, 2007

**Title:** Growing Foreperson  
**Location:** Royal Oaks Facility  
**Supervisor:** Growing Manager  
**Date of Opening:** Immediate

This position is an integral part of the growing team. Through experience and training the individual will direct the workforce to achieve the goals of growing mushrooms on a commercial basis. Since mushrooms grow 365 days a year, this position requires working many weekend days and holidays.

### Responsibilities

- ◆ Maintain established cultural practices within the functional area.
- ◆ Make decisions regarding labor and material usage to attain the goals established by the growers within the functional area.
- ◆ Direct bargaining unit workers within the functional area.
- ◆ Help conduct training meetings to comply with company safety policies, GMP's, Food Safety, and departmental sanitation policies.

### Requirements

- ◆ Minimum of High School Diploma/G.E.D. equivalent, or two years experience in the functional work area with demonstrated leadership potential. G.E.D. then must be attained in an agreed upon period of time.
- ◆ Good reading and writing skills. Spanish and English a plus.
- ◆ Problem solving and math skills will be evaluated in interview.
- ◆ Valid California Drivers License
